25 YEAR RE-REVIEW

d. The DCI and the DDCI are very concerned about the failure of supervisors to face up to their responsibilities. An action memorandum was sent to the Director of Personnel regarding Supervisory Responsibilities for Employee Performance and Behavior and copies were distributed to the Deputy Directors and to their component Chiefs. We have had a number of problem cases recently and the DDCI has concluded that the chain of command is not taking appropriate action when the cases come to their attention. The Director of Personnel is to advise
the DDCI of individual cases coming to his attention, and to comment
on supervisory weaknesses in handling these cases. A training course
for supervisors is being developed which will last one hour, and attendance will probably be mandatory.

nore or less requires attendance at the Americans Abroad Orientation Course for personnel being assigned overseas. The ADD/P has pointed out that 10 persons from DD/P had not attended in the past year and when he checked he found that there were reasons why they did not attend, but no real excuses. He urged that in the future all DD/P personnel be required to attend the course.

j. Mr. Helms has asked that when we have foreign visitors who want to see the White Rouse, or who have any reason to call at the White House, the arrangements be made through

m. The DD/S plans to travel to the WE and EE areas during April.		at 0930 to 1030 and 1400 to 1500 and will be mandatory for all employees. Component Training Officers will pass out IBM cards to all employees and these cards will be presented at the door when the employee attends the course.	
He will arrive in on 19 April and participate in a Support  Conference to be held in on 20 - 21 April. He has requested that any administrative items for conference discussion be submitted to him at an early date.  1 from the Office of Personnel has asked if there is a need for periodic reporting from the field on the number of dependents in each household or if this information is already available in the Area Divisions at Headquarters stated that it is rather difficult to know at any given time how many persons there are in each household abroad since relatives of our employees occasionally travel abroad and in some cases spend considerable periods there. It was suggested that if this information is needed for evacuation purposes, it would be simpler to request it at the time it is needed said, for example, that similar information in connection with the evacuation of was obtained from the Station in less than eight hours.  2 dated 9 March 1964, deals with the subject of Summer-Only Employment. The Agency will not have a summer employment program this year, however, the notice lists those Federal Agencies which plan to offer such employment opportunities.			2
